Description

This 2018 Hyundai IONIQ h-GDi Premium SE presents an exceptional opportunity with remarkably low mileage for its age, having covered just 46,787 miles. As a Euro 6 compliant model, it features a 1.6 litre petrol hybrid engine, offering an efficient and smooth driving experience. The Premium SE trim level ensures a well equipped interior, boasting dual zone climate control for personalised comfort, and a heated steering wheel for those colder journeys. The driver's seat includes a memory function, allowing you to easily recall your preferred position, and both front seats are heated for added warmth. For enhanced visibility, the IONIQ is fitted with Bi-Xenon headlights. This particular Hyundai IONIQ stands out with its impressive fuel economy, achieving an

excellent 61 miles per gallon, which is significantly better than many other vehicles in its class. Its low CO2 emissions further contribute to its economical running costs and environmental consideration. Additionally, the generous boot space provides ample room for luggage or shopping, making it a practical choice for everyday use and longer trips. The vehicle also benefits from a low insurance group, indicating that running costs are kept to a minimum.
